President's Corner

I want to Thank all the members who made chili to share with the club at our January meeting and chili cook off. They were all very good. Thanks to those who also brought a dessert. For those who did not attend the meeting, we had a couple members celebrate their birthdays with us. Happy Birthday again to Ken Greene and Karen Teichman.

As I mentioned at the January meeting we are going to try to put together a CPR/First Aid course as well as an ATV Safety Course or 2 with the Forest Service down at Wayne National. The ATV Safety course is a requirement for anyone wishing to help in the trail patrol or maintenance program. If you are interested in any of these classes please let me know so I can get a head count and start planning some classes with the Forest Service. I have been in touch with Stan at the

Forest Service and we are going to try and get a head start on clearing the trails in March and early April before the trails open to the public. The more volunteers the better. If anyone is interested in the "Trail Patrol" you should know that the recreation division has taken it over and eliminated a lot of the previous requirements. The training can be done in one weekend at WNF. Classroom 1 day, and in the field the 2nd day.

Last Laugh

There was this guy ridding on a Honda along the river and he noticed a Polaris on the other side. It looked like there was some sweet trails over there, you know flat, slow turns, no mud... and the river had to be almost a foot deep, there was no way he could make it across, so he yelled to the Polaris guy "Hey how

do I get to the other side of the river?"

The Polaris guy looked up the river, then down the river then at the Honda guy and yelled back, "you are on the other side of the river" and rode off.
