## Pennsylvania Registration Laws

The state of Pennsylvania has started to phase in new regulations regarding Ohio registrations. As of next year, the new regulations will be permanent. Regulations are as follows. Ohio registrations will no longer be accepted on public Pennsylvania trails. A separate Pennsylvania registration will be required at the cost of \$20.00 for a two year registration period. Pennsylvania will also be requiring proof of liability insurance. If you do not have proof of insurance on your person and are caught without it, there is a maximum fine of \$300. Reasoning behind the change is due to Ohio's law of not accepting Pennsylvania registrations. Ohio will also no longer be accepting ANY OUT OF STATE REGISTRATIONS. Pennsylvania does however accept Michigan registrations, so if you have a Michigan registration, it may be accepted, but you will need to check with the proper authorities when purchasing your Pennsylvania registration anywhere you can purchase trail passes. Complete information is not currently available as far as when next year the change will become permanent, but information may become available in the next few months. Details will be provided at such time.
